

**PHP (HMO SNP)
2022 Formulary
(List of Covered Drugs)**

**PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT
THE DRUGS WE COVER IN THIS PLAN**

This formulary was updated on September 21, 2021. For more recent information or other questions, please contact PHP Pharmacy Customer Service at (888) 436-5018, 24 hours a day, seven days a week, or visit www.php-ca.org/for-members/drug-benefit/formulary.

Discrimination Is Against the Law

PHP (HMO SNP) complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. PHP does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

PHP:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, contact Member Services.

If you believe that PHP has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance with: Member Services, P.O. Box 46160, Los Angeles, CA 90046, (800) 263-0067, TTY 711, Fax (888) 235-8552, email php@positivehealthcare.org. You can file a grievance in person or by mail, fax, or email. If you need help filing a grievance, Member Services is available to help you.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights, electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at:

U.S. Department of Health and Human Services

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to "we," "us," or "our," it means AIDS Healthcare Foundation. When it refers to "plan" or "our plan," it means PHP.

This document includes a list of the drugs (formulary) for our plan which is current as of September 21, 2021. For an updated formulary, please contact us. Our contract information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2023, and from time to time during the year.

This information is available for free in other languages. Please call our Member Services number at (800) 263-0067, 8:00 a.m. to 8:00 p.m., seven days a week.

Esta información está disponible de forma gratuita en otros idiomas. Por favor, llame a nuestro número del Departamento de servicios para miembros a (800) 263-0067, 8:00 a.m. hasta 8:00 p.m., siete días a la semana.

What is the PHP Formulary?

A formulary is a list of covered drugs selected by PHP in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. PHP will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a PHP network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

For a complete listing of all prescription drugs covered by PHP, please visit our website or call us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
 - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can find information in the section below titled "How do I request an exception to the PHP Formulary?"
- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.

- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand name drug currently on the formulary; or add new restrictions to the brand name drug or move it to a different cost sharing tier or both. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.
 - If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the PHP Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2022 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2022 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

The enclosed formulary is current as of September 21, 2021. To get updated information about the drugs covered by PHP, please contact us. Our contact information appears on the front and back cover pages.

Should we make changes to the formulary during the year, we will notify you by sending a “Notice of Changes to Your Formulary (List of Covered Drugs)” in your Part D Explanation of Benefits (also called a “Part D EOB”). We mail you a Part D Explanation of Benefits when you have had one or more prescriptions filled through the plan during the previous month every month so you can track your Part D out-of-pocket costs and total drug costs for the year. For more information about the Part D Explanation of Benefits, please see your Evidence of Coverage, Chapter 6, Section 3.1.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 3. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, "Cardiovascular Agents." If you know what your drug is used for, look for the category name in the list that begins on page 1. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the index that begins on page I-1. The index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the index. Look in the index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the index and find the name of your drug in the first column of the list.

What are generic drugs?

PHP covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** PHP requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from PHP before you fill your prescriptions. If you don't get approval, PHP may not cover the drug.
- **Quantity Limits:** For certain drugs, PHP limits the amount of the drug that PHP will cover. For example, PHP provides 12 tablets per prescription for MAXALT (10 mg). This may be in addition to a standard one month or three month supply.
- **Step Therapy:** In some cases, PHP requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For

example, if Drug A and Drug B both treat your medical condition, PHP may not cover Drug B unless you try Drug A first. If Drug A does not work for you, PHP will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 3. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask PHP to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to PHP formulary?" on page iv for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Pharmacy Customer Service and ask if your drug is covered.

If you learn that PHP does not cover your drug, you have two options:

- You can ask Pharmacy Customer Service for a list of similar drugs that are covered by PHP. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by PHP.
- You can ask PHP to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the PHP formulary?

You can ask PHP to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.

- You can ask us to cover a formulary drug at a lower cost-sharing level if this drug is not on the specialty tier. If approved this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, PHP limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, PHP will only approve your request for an exception if the alternative drugs included on the plan's formulary or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary or utilization restriction exception. **When you request a formulary, or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

If you are a current member of our plan, an unexpected transition could occur if you experience a level-of-care change. For example, if you are hospitalized and given a drug that is not on our formulary, once you are discharged from the hospital to your home, you will need to talk to your doctor about continuing the drug. If you and your doctor decide you should continue taking the drug, you will need to request a formulary exception for us to cover it. Our plan may provide you a temporary 30-day transition supply of the drug while you decide what action to take. Please contact us about the availability of a transition supply of medication when you experience a level-of-care change.

For more information

For more detailed information about your PHP prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about PHP, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit www.medicare.gov.

PHP's Formulary

The formulary below provides coverage information about the drugs covered by PHP. If you have trouble finding your drug in the list, turn to the Index that begins on page I-1.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., KALETRA) and generic drugs are listed in lower-case italics (e.g., *hydrochlorothiazide*).

The information in the "Requirements/Limits" columns tells you if PHP has any special requirements for coverage of your drug.

The following abbreviations may be found within the body of this document.

Coverage Notes Abbreviations

Abbreviation	Description	Explanation
Utilization Management Restrictions		
AGE	Age Restriction	Some drugs on our formulary are not appropriate for and may pose a risk to people of certain ages. If a drug has an age restriction, the maximum age of appropriateness is noted. Drugs that have an age restriction require prior authorization.
PA	Prior Authorization Restriction	You (or your physician) are required to get prior authorization from PHP before you fill your prescription for this drug. Without prior approval, PHP may not cover this drug.
PA BvD	Prior Authorization Restriction for Part B vs Part D Determination	This drug may be eligible for payment under Medicare Part B or Part D. You (or your physician) are required to get prior authorization from PHP to determine that this drug is covered under Medicare Part D before you fill your prescription for this drug. Without prior approval, PHP may not cover this drug.

Abbreviation	Description	Explanation
PA-HRM	Prior Authorization Restriction for High-Risk Medication	This drug is considered a high-risk medication for seniors. If you are age 65 or older, you (or your physician) are required to get prior authorization from PHP before you fill your prescription for this drug.
PA NSO	Prior Authorization Restriction for New Starts Only	If you are a new member, you (or your physician) are required to get prior authorization from PHP before you fill your prescription for this drug. Without prior approval, PHP may not cover this drug.
QL	Quantity Limit Restriction	PHP limits the amount of this drug that is covered per prescription, or within a specific time frame.
ST	Step Therapy Restriction	Before PHP will provide coverage for this drug, you must first try another drug(s) to treat your medical condition. This drug may only be covered if the other drug(s) does not work for you.
Other Special Requirements for Coverage		
LA	Limited Access Drug	This prescription may be available only at certain pharmacies. For more information consult your Pharmacy Directory or call Pharmacy Customer Service at (888) 436-5018, 24 hours a day, seven days a week. TTY users should call 711.

Standard Retail Cost Sharing by Tier

Tier	One-Month Supply (30 Days)	Three-Month Supply (100 Days)
Tier 1 (Generic Drugs)	15% coinsurance	15% coinsurance
Tier 2 (Preferred Brand Drugs)	15% coinsurance	15% coinsurance
Tier 3 (Non-Preferred Brand Drugs)	25% coinsurance	25% coinsurance
Tier 4 (Speciality Drugs)	25% coinsurance	25% coinsurance
Tier 5 (Select Care Drugs)	0% coinsurance	0% coinsurance

Strength and Dosage Form Abbreviations

Abbreviation	Description
adh. patch	adhesive patch
aer br act	aerosol, breath activated
aer pow	aerosol, powder
aer pow ba	aerosol powder, breath activated
aer refill	aerosol refill
aer w/adap	aerosol with adapter
ampul	Ampule
blkbaginj	bulk bag injection
cap dr mp	capsule, delayed release multiphasic
cap ds pk	capsule, dose pack
cap er 12h	capsule, 12 hour extended release
cap er 24h	capsule, 24 hour extended release
cap er deg	capsule, extended release degradable
cap er pel	capsule, extended release pellets
cap mphase	capsule, multiphasic
cap.sa 24h	capsule, 24 hour sustained action
cap.sr 12h	capsule, 12 hour sustained release
cap.sr 24h	capsule, 24 hour sustained release
cap24h pct	capsule, 24 hour controlled-onset pellets
cap24h pel	capsule, 24 hour sustained release pellets
cap sprink	capsule, sprinkle
cap sr pel	capsule sustained release pellets
cap w/dev	capsule with device
capsule dr	capsule, delayed release
capsule er	capsule, extended release

Abbreviation	Description
capsule sa	capsule, sustained action
cmb cappad	combination: capsule, pad
cmb ont fm	combination: ointment, foam
cmb ont lt	combination: ointment, lotion
cmb tabpad	combination: tablet, pad
combo. pkg	combination package
cpmp 12hr	capsule, 12 hour multiphasic
cpmp 24hr	capsule, 24 hour multiphasic
cpmp 30-70	capsule, multiphasic, 30%-70%
cpmp 50-50	capsule, multiphasic, 50%-50%
cream(g), cream(gm)	cream (grams)
cream(ml)	cream (milliliters)
cream/appl	cream with applicator
cream, er (g)	cream, extended release (grams)
cream pack	cream, package
dehp fr bg	di(2-ethylhexyl)phthalate free bag
dis needle	disposable needle
disk w/dev	disk with inhalation device
disp syrin	disposable syringe
drops susp	drops, suspension
drps hpvis	drops, hyperviscous
emul adhes	emulsion adhesive
emul packt	emulsion packet
emulsn(g)	emulsion (grams)
foam/appl.	foam with applicator
froz.piggy	frozen piggyback
g	Gram
gel/pf app	gel with prefilled applicator
gel (gm)	gel (grams)
gel (ml)	gel (milliliters)
gel md pmp	gel in metered dose pump
gel w/appl	gel with applicator
gel w/pump	gel with pump
gran pack	granule pack
hfa aer ad	hfa aerosol adapter
infus. btl	infusion bottle
insuln pen	insulin pen
ip soln	intraperitoneal solution

Abbreviation	Description
irrig soln	irrigating solution
iv soln.	intravenous solution
jel	Jelly
jelly/app	jelly with applicator
jel/pf app	jelly with pre-filled applicator
kit cl&crm	kit: cleanser and cream
kt crm le	kit: cream, lotion emollient
kt lotn ce	kit: lotion, cream emollient
kt oint le	kit: ointment, lotion emollient
lotion, er	lotion, extended release

m.ht patch	medicated heated patch
ma buc tab	mucoadhesive buccal tablet
mcg	Microgram
med. pad	medicated pad
med. swab	medicated swab
med. tape	medicated tape
mg	Milligram
ml	Milliliter
muc er 12h	mucoadhesive system, 12 hour extended release
ndl fr inj	needle for injection
nl fm susp	nail film suspension
oint. (g), oint.(gm)	ointment (grams)
oral conc	oral concentrate
oral susp	oral suspension
paste (g)	paste (grams)
patch td24	patch, 24 hour transdermal
patch td72	patch, 72 hour transdermal
patch tds	patch, biweekly transdermal
patch tdwk	patch, weekly transdermal
pca syring	patient-controlled analgesic syringe
pca vial	patient-controlled analgesic vial
pellet(ea)	pellet (each)
pen ij kit	pen injector kit
pen injctr	pen injector
pggybk btl	piggyback bottle
plast. bag	plastic bag
powd pack	powder pack

Abbreviation	Description
sol md pmp	solution with multi-dose pump
sol w/appl	solution with applicator
sol/pf app	solution with pre-filled applicator
sol-gel	solution, gel-forming
soln recon	solution, reconstituted
soln(gram)	solution (grams)
spray susp	spray, suspension
spray/pump	spray with pump
stick(ea)	stick (each)
supp.rect	suppository, rectal
supp.vag	suppository, vaginal
suppos.	Suppository
sus er 24h	suspension, 24 hour extended release
sus er rec	suspension, extended release reconstituted
sus mc rec	suspension, microcapsule reconstituted
suspdr pkt	suspension, delayed release packet
susp recon	suspension, reconstituted
syringekit	syringe kit
tab chew	tablet, chewable
tab er 12h	tablet, 12 hour extended release
tab er 24h	tablet, 24 hour extended release
tab er prt	tablet, extended release particles
tab er seq	tablet, extended release sequels
tab disper	tablet, dispersable
tab ds pk	tablet, dose pack
tab er 24	tablet, 24 hour extended release
tab mphase	tablet, multiphasic
tab part	tablet, particles
tab rap dr	tablet, rapid disintegrating delayed release
tab rapdis	tablet, rapid disintegrating
tab subl	tablet, sublingual
tab.sr 12h	tablet, 12 hour sustained release
tab.sr 24h	tablet, 24 hour sustained release
tabergr24hr	tablet, 24 hour gradual extended release
tablet dr	tablet, delayed release
tablet, er	tablet, extended release
tablet eff	tablet, effervescent
tablet sa	tablet, sustained action

Abbreviation	Description
tablet sol	tablet, soluble
tb er dspk	tablet, extended release dosepack
tb mp dspk	tablet, multiphasic dosepack
tb rd dspk	tablet, rapid disintegrating dosepack
tbdspk 3mo	tablet, 3-month dosepack
tbmp 12hr	tablet, 12 hour multiphasic
tbmp 24hr	tablet, 24 hour multiphasic
u	Unit
vag ring	vaginal ring

Blood Glucose Meters and Test Strip

PHP wants to provide you with the best products for your diabetes care. PHP has selected Abbott Diabetes Care, the maker of FreeStyle- and Precision-branded products as the supplier for your diabetic testing supplies. We cover the following diabetic testing supplies:

- FreeStyle Lite® meters
- FreeStyle Freedom Lite® meters
- Precision Xtra® meters
- FreeStyle Lite® test strips
- Precision Xtra® test strips
- Precision Xtra® Beta Ketone test strips
