Therefore, each participating provider is responsible for verifying member eligibility with PHP and PHC before providing services. Our PHP & PHC ID card have been designed to help participating providers access and verify benefits, eligibility and claim status. Each Member ID card includes a unique identifier that designates the PHP or PHC benefit plan.

Please note that effective January 2016, Member Identification Numbers will change to a 10 digit numeric number. Member ID Numbers will no longer begin with a "PHP" pre-fix.

PHP and PHC members are being provided with a new Medicare Identification Cards in December 2015. We encourage participating providers to request a copy for the patient record.

To facilitate a smooth transition to PHP/PHC new Member ID Numbers and Old Member ID Numbers will be accepted for claims processing and referral/authorization requests for during the first quarter of 2016
