Introduction

How to Use this Directory

This directory lists the primary care providers (PCPs), specialists, vision care providers, hospitals, skilled nursing facilities, enhanced care management (ECM) services and other ancillary providers that are available to you as a member of PHC California.

To use the directory, first choose the type of provider you need, find the city that is closest to you, and then choose a provider from the list of providers.

Remember that each time you need health care, except in a medical emergency, you must go to the PCP you chose. If you do not choose a PCP, one will be chosen for you whose clinic is closest to your home address.

The specialty and ancillary providers listed in the directory have entered into agreements to provide care to you as a PHC California member when your PCP determines that you need additional care. Your PCP will select the appropriate provider from this directory. Except in emergency situations, the specialty and ancillary providers listed in this directory are the only providers available to you.

PHC California covers Enhanced Care Management (ECM) services for members with highly complex needs. ECM is a benefit that provides extra services to help you get the care you need to stay healthy. It coordinates the care you get from different doctors. ECM helps coordinate primary care, acute care, behavioral health, developmental, oral health, community-based long-term services and supports (LTSS), and referrals to available community resources.

If you are filling or refilling a prescription, you must get your prescribed drugs from a pharmacy that works with Medi-Cal Rx. You can find a list of pharmacies that work with Medi-Cal Rx in the Medi-Cal Rx Pharmacy Directory at <https://medi-calrx.dhcs.ca.gov/home/>. You can also find a pharmacy near you or a pharmacy that can mail your prescription to you by calling Medi-Cal Rx at 1-800-977-2273 (TTY 1-800-977-2273 and press 5 or 711).

If You Need Help

If you have questions about your choice of PCP or need help finding a provider, please call Member Services at 1 (800) 263-0067 (TTY 711), Monday through Friday, 8:00 am to 8:00 pm. TTY users call 711.

Language Assistance Services

We offer no-cost interpreting services, including American Sign Language, 24 hours a day, 7 days a week. An interpreter can help you talk with your doctor during the health visit. You should never use friends, family, or children as interpreters.

Call Member Services at 1 (800) 263-0067 (TTY 711) to request interpreting services. Please allow at least 10 business days before the doctor visit to request an American Sign Language Interpreter.

Access Information for People with Disabilities

You will see that many doctors' offices and clinics have letters (P, EB, IB, R, E, T) in their listings. These letters mean that a nurse visited the office and saw that the doctor's office has some kind of access for people with disabilities:

P = PARKING Parking spaces, including van accessible spaces(s), are accessible. Pathways have curb ramps between the parking lot, office, and at drop off locations.

EB = EXTERIOR BUILDING Curb ramps and other ramps to the building are wide enough for a wheelchair or scooter user. Handrails are provided on both sides of the ramp. There is an "accessible" entrance to the building. Doors open wide enough to let a wheelchair or scooter user enter, and have handles that are easy to use.

IB = INTERIOR BUILDING Doors open wide enough to let a wheelchair or scooter user enter, and have handles that are easy to use. Interior ramps are wide enough and have handrails. Stairs, if present, have handrails. If there is an elevator, it is available for public/patient use at all times the building is open. The elevator has easy to hear sounds and Braille buttons within reach. The elevator has enough room for a wheelchair or scooter user to turn around. If there is a platform lift, it can be used without help.

R = RESTROOM The restroom is accessible and the doors are wide enough to accommodate a wheelchair or scooter and are easy to open. The restroom has enough room for a wheelchair or scooter to turn around and close the door. There are grab bars which allow easy transfer from wheelchair to toilet. The sink is easy to get to and the faucets, soap, and toilet paper are easy to reach and use.

E = EXAM ROOM The entrance to the exam room is accessible, with a clear path. The doors open wide enough to accommodate a wheelchair or scooter and are easy to open. The exam room has enough room for a wheelchair or scooter to turn around.

T = EXAM TABLE/SCALE The exam table moves up and down and the scale is accessible with handrails to assist people with wheelchairs and scooters. The weight scale is able to accommodate a wheelchair.
