

Over-the-Counter Pharmacy Order Form

You may order up to \$550 worth of over-the-counter (OTC) pharmacy items for the plan year.

Minimum order amount is \$25 per order. Each order you place is deducted from your \$550 allowance for the plan year. All items have a quantity limit of three (3) unless otherwise noted (*). A plan year is January 1 through December 31. OTC items are fulfilled by AHF Pharmacy.

All available OTC items are listed on this form. There is no cost to you for your order or its delivery. The price shown for each item on this form is approximate and is subject to change. The price listed should be used as a guide in helping you select the items you want and figuring the approximate cost of your order. The actual price of your order will likely differ and will be shown on the receipt you get with your items. AHF Pharmacy reserves the right to substitute brand name items with like items when necessary.
