Effective August 2026

Plan #23-30211

NONDISCRIMINATION NOTICE

Discrimination is against the law. PHC California follows State and Federal civil rights laws. PHC California does not unlawfully discriminate, exclude people, or treat them differently because of sex, race, color, religion, ancestry, national origin, ethnic group identification, age, mental disability, physical disability, medical condition, genetic information, marital status, gender, gender identity, or sexual orientation.

PHC California provides:

- Free aids and services in a timely manner to people with disabilities to help them communicate better, such as:
  - ✓ Qualified sign language interpreters
  - ✓ Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Free language services in a timely manner to people whose primary language is not English, such as:
  - ✓ Qualified interpreters
  - ✓ Information written in other languages

If you need these services, contact PHC California between 8:00 am to 8:00 pm, Monday through Friday by calling 1-800-263-0067. If you cannot hear or speak well, please call 711. Upon request, this document can be made available to you in braille, large print, audiocassette, or electronic form. To obtain a copy in one of these alternative formats, please call or write to:

Introduction

How to Use this Directory

This directory lists the primary care providers (PCPs), specialists, vision care providers, hospitals, skilled nursing facilities, enhanced care management (ECM) services and other ancillary providers that are available to you as a member of PHC California.

To use the directory, first choose the type of provider you need, find the city that is closest to you, and then choose a provider from the list of providers.

Remember that each time you need health care, except in a medical emergency, you must go to the PCP you chose. If you do not choose a PCP, one will be chosen for you whose clinic is closest to your home address.

The specialty and ancillary providers listed in the directory have entered into agreements to provide care to you as a PHC California member when your PCP determines that you need additional care. Your PCP will select the appropriate provider from this directory. Except in emergency situations, the specialty and ancillary providers listed in this directory are the only providers available to you.

PHC California covers Enhanced Care Management (ECM) services for members with highly complex needs. ECM is a benefit that provides extra services to help you get the care you need to stay healthy. It coordinates the care you get from different doctors. ECM helps coordinate primary care, acute care, behavioral health, developmental, oral health, community-based long-term services and supports (LTSS), and referrals to available community resources.

If you are filling or refilling a prescription, you must get your prescribed drugs from a pharmacy that works with Medi-Cal Rx. You can find a list of pharmacies that work with Medi-Cal Rx in the Medi-Cal Rx Pharmacy Directory at https://medi-calrx.dhcs.ca.gov/home/. You can also find a pharmacy near you or a pharmacy that can mail your prescription to you by calling Medi-Cal Rx at 1-800-977-2273 (TTY 1-800-977-2273 and press 5 or 711).

If You Need Help

If you have questions about your choice of PCP or need help finding a provider (or more information such as race/ethnicity), please call Member Services at 1 (800) 263-0067 (TTY 711), Monday through Friday, 8:00 am to 8:00 pm. TTY users call 711.

Language Assistance Services

We offer no-cost interpreting services, including American Sign Language, 24 hours a day, 7 days a week. An interpreter can help you talk with your doctor during the health visit. You should never use friends, family, or children as interpreters.

Call Member Services at 1 (800) 263-0067 (TTY 711) to request interpreting services. Please allow at least 10 business days before the doctor visit to request an American Sign Language Interpreter.

Other Provider Directories

PHC California does not cover some services. You can still get them through FFS Medi-Cal or other Medi-Cal programs. The links below can help you locate Medi-Cal enrolled providers.

- Medi-Cal Rx Provider Directory: https://medi-calrx.dhcs.ca.gov/home/find-apharmacy/.
- Denti-Cal Provider Directory: https://dental.dhcs.ca.gov/Members/Medi_Cal_Dental/Find_A_Dentist/DentalProviderDirectorySearch?locale=en.
- FFS Provider Directory: https://data.chhs.ca.gov/dataset/profile-of-enrolled-medical-fee-for-service-ffs-providers

Timely access to care

Your in-network provider must provide timely access to care based on your health care needs. At minimum, they must offer you an appointment listed in the time frames in the table below.

Appointment Type	You should be able to get an appointment within:
Urgent care appointments that do not require pre-approval (prior authorization)	48 hours
Urgent care appointments that do not require pre-approval (prior authorization)	10 business days
Non-urgent (routine) primary care appointments	10 business days
Non-urgent (routine) specialist care appointments	15 business days
Non-urgent (routine) mental health provider (non-doctor) follow-up care appointments	10 business days of last appointment
Non-urgent (routine) appointments for ancillary (supporting) services for the diagnosis or treatment of injury, illness, or other health condition	15 business days

Other wait time standards	You should be able to get connected within:
Member services telephone wait times during normal business hours	10 minutes
Telephone wait times for Nurse Advice Line	30 minutes (connected to nurse)

Sometimes waiting longer for an appointment is not a problem. Your provider might give you a longer wait time if it would not be harmful to your health. It must be noted in your record that a longer wait time will not be harmful to your health. Also, if you prefer to wait for a later appointment that will better fit your schedule or go to another provider of your choice, your provider or your PHC California will respect your wish.

Your doctor may recommend a specific schedule for preventive services, follow-up care for ongoing conditions, or standing referrals to specialists, depending on your needs.

The specific standards listed above also do not apply to periodic follow-up care for ongoing conditions or standing referrals to specialists.

Tell us if you need interpreter services when you call PHC California or when you get covered services. Interpreter services, including sign language, are available at no cost to you. We highly discourage the use of minors or family members as interpreters. To learn more about interpreter services we offer, call 1-800-263-0067.

If you need interpreter services, including sign language, at a Medi-Cal Rx pharmacy, call Medi-Cal Rx Customer Service at 1-800-977-2273, 24 hours a day, 7 days a week. TTY users can call 711, Monday through Friday, 8 a.m. to 5 p.m.

Travel time or distance to care

PHC California must follow travel time or distance standards for your care. Those standards help make sure you can get care without having to travel too far from where you live. Travel time or distance standards depend on the county you live in.

If PHC California is not able to provide care to you within these travel time or distance standards, DHCS may allow a different standard, called an alternative access standard. For PHC California's time or distance standards for where you live, visit www.phc-ca.org/members/medical/aas. Or call 1-800-263-0067 (TTY 711).

If you need care from a provider located far from where you live, call member services at 1-800-263-0067 (TTY 711). They can help you find care with a provider located closer to you. If PHC California

cannot find care for you from a closer provider, you can ask PHC California to arrange transportation for you to go to your provider, even if that provider is located far from where you live.

If you need help with pharmacy providers, call Medi-Cal Rx at 1-800-977-2273 (TTY 1-800-977-2273) and press 7 or 711.
It is considered far if you cannot get to that provider within the PHC California's travel time or distance standards for your county, regardless of any alternative access standard PHC California might use for your ZIP Code.

Access Information for People with Disabilities

You will see that many doctors' offices and clinics have letters (P, EB, IB, R, E, T) in their listings. These letters mean that a nurse visited the office and saw that the doctor's office has some kind of access for people with disabilities:

P = PARKING Parking spaces, including van accessible spaces(s), are accessible. Pathways have curb ramps between the parking lot, office, and at drop off locations.

EB = EXTERIOR BUILDING Curb ramps and other ramps to the building are wide enough for a wheelchair or scooter user. Handrails are provided on both sides of the ramp. There is an "accessible" entrance to the building. Doors open wide enough to let a wheelchair or scooter user enter, and have handles that are easy to use.

IB = INTERIOR BUILDING Doors open wide enough to let a wheelchair or scooter user enter, and have handles that are easy to use. Interior ramps are wide enough and have handrails. Stairs, if present, have handrails. If there is an elevator, it is available for public/patient use at all times the building is open. The elevator has easy to hear sounds and Braille buttons within reach. The elevator has enough room for a wheelchair or scooter user to turn around. If there is a platform lift, it can be used without help.

R = RESTROOM The restroom is accessible and the doors are wide enough to accommodate a wheelchair or scooter and are easy to open. The restroom has enough room for a wheelchair or scooter to turn around and close the door. There are grab bars which allow easy transfer from wheelchair to toilet. The sink is easy to get to and the faucets, soap, and toilet paper are easy to reach and use.

E = EXAM ROOM The entrance to the exam room is accessible, with a clear path. The doors open wide enough to accommodate a wheelchair or scooter and are easy to open. The exam room has enough room for a wheelchair or scooter to turn around.

T = EXAM TABLE/SCALE The exam table moves up and down and the scale is accessible with handrails to assist people with wheelchairs and scooters. The weight scale is able to accommodate a wheelchair.
